

# Experlogix CPQ

for Oracle NetSuite ERP

## Quote it Fast. Sell it Right.

### Experlogix CPQ (Configure, Price, Quote) for NetSuite

Since 2012, our goal has been to provide the absolute best CPQ experience for Oracle NetSuite users by delivering a solution with enterprise-class integration to NetSuite ERP for organizations that sell varieties of products and services.

Regardless of how you sell - direct, indirect and via the web - Experlogix CPQ simplifies your quote-to-order process to help you sell faster and with greater profits. For manufacturing organizations, we'll take your configured order and create a bill-of-material as a manufacturing production order in NetSuite.

Hundreds of customers, thousands of users and the partner community agree:

**Experlogix is the proven CPQ market leader.**

- Handle the most complex quoting requirements with ease
- Eliminate quote errors
- Ensure maximum profits
- Speed quote-to-order times
- Trigger discount & other approval workflows
- Offer guided selling
- Create bill-of-materials and routings
- Single sign-on to NetSuite
- Place engineering expertise into the hands of sales representatives
- Fast set-up, easy maintenance

### Seamless NetSuite Integration

Complete integration with NetSuite Opportunities, Quotes and Orders is available the moment you install Experlogix. Access to the Product Catalog and Price Lists is also at the ready. It's all available out-of-the-box.

### Visualize On-The-Fly

Harness our powerful image rendering technology to see product option changes the moment selections are made.

### Read from & Write to NetSuite

Let's say you need Experlogix to calculate a quote's gross profit and send that back to NetSuite for reporting. With clicks (rather than coding), it's done. What if you want Experlogix to recognize the account's country and only display products in that region to your rep? Get it done in minutes!

### Trigger Workflows

Experlogix can fire NetSuite workflows to route for discount approvals, engineering change requests and more.

### We Respect the NetSuite UI

Experlogix matches the look of each NetSuite release. Why is this important? It provides a natural transition from NetSuite to CPQ for your users, shortens learning curves and increases user adoption. Wish we didn't match NetSuite? We've got other skins to choose from or you can create your own.

### Oracle NetSuite Updates

If you're ready to take advantage of a new NetSuite release, rest assured we support the new version – there's never a delay.
